

Employer Privacy Statement

Vacancy Information Management

Your personal information is protected by law, including the Privacy Act 1988 and the Australian Privacy Principles (APP's).

Information that you provide to Centacare is collected to provide you with recruitment services, and to assist you in filling your vacancy.

The information may be shared with applicants for your vacancy and the with Department of Education, Skills and Employment, and Services Australia and/or Centrelink as part of the provision of this service.

The Centacare Privacy Policy contains more information about the way in which we will manage your information, including information about how you may access your personal information held by Centacare and seek correction of said information. This policy also contains information on how you can complete about a breach of the APP's and how Centacare will deal with such a complaint.

Information about applicants that Centacare provides to you in order to fill your vacancy must not be shared or disclosed outside of the recruitment process. This is to protect the privacy of our participants.
